Stainless Steel Motors

IP69K Protection
0.12-22KW / 0.18~30HP
1000RPM 1500RPM 3000RPM
Three Phase / Single Phase
Frame 63-180 / 56C-286TC
Mounting B3 B5 B14 B34 B35
IE3 / Premium Efficiency, CE Certified
Double Lip Seals (Viton), Inverter Duty Rated
Washdown Duty (High Temp Power Spray Washable)
All 304 Stainless Steel Construction (Polished Surface)

Aluminum Motors

IP67 Protection
0.37KW, 0.55KW, 0.75KW
Frame 71-80 B14
3 Phase 380V 50HZ 1400rpm

Stainless Steel Helical Inline Gearmotors

Size: 37-67
Ratio: 3.41-199.81
Input power: 0.12-7.5 KW
Output torque: 2.4-635 N.m

Stainless Steel Helical Bevel Gearmotors

Size: 37-67
Ratio: 3.97-145.14
Input power: 0.12- 5.5 KW
Output torque: 10-8 880 N.m

Stainless Steel Worm Gearbox

Size: 30/40/50/63/75/90
Ratio: 7.5-100
Input power: 0.06- 4 KW
Flange size: 56-112 / 48C-180TC

Stainless steel parts:

Flanges | Solid Shafts | Torque Arms | Metal Plate | Machined Parts

整体清洁方案

Always a clean solution

ANG的不锈钢减速电机因其特殊的箱体结构设计并使用高品质的不锈钢材质，消除了藏污纳垢的凹槽，表面易清洗，并且有很强的抗酸、抗碱能力，适应高盐雾、高粉尘、高温高湿的挑战环境，有效地防止各种形式的腐蚀。

Stainless steel gearmotors from ANG are characterized by their special housing design and the use of high-quality stainless steel, recesses that can collect dirt and liquid have been eliminated as much as possible. Its surface is easy to clean and highly resistant against acids and alkalis; widely applied in salt spray, dusty, high temperature, and extremely wet environments to prevent any form of corrosion.

功能强大和应用灵活

Robust and flexible

不锈钢减速电机具有模块化设计：输入端可选择直连不锈钢电机、IEC和NEMA输入法兰三种方式。输出端和安装可根据客户不同需要，提供实心轴、空心轴、法兰、底脚等不同选择满足客户需求，适用于材料处理、物流运输或卫生系统的运用，其易清洁、寿命长、免维护的特点，使这些高品质的不锈钢减速电机适用于任何完美解决方案。

The modular design of the stainless steel gearmotor: allows for variable stainless steel motors for direct mounting, IEC, and NEMA adapters. Output and installation will satisfy different customer requirements, such as solid shaft, hollow shaft, flange, base plate, and so on. Regardless of whether they are used of materials handling, intralogistics, or hygienic applications, their hygienic properties, long operating life and maintenance friendliness make these high-quality stainless gearmotors the perfect solution for any application.

行业应用案例 Industry Application

★ 食品行业
Food Industry

★ 乳制品和牛奶加工企业
Dairies and Milk-processing Companies

★ 医药行业
Pharmaceutical Industry

★ 饮料生产和罐装
Beverage Production and Bottling

★ 供水系统
Water Supply

★ 化妆品行业
Cosmetics Industry

★ 肉类加工行业
Meat Processing Industry

★ 所有应用于长期的潮湿环境的工况
All Applications in Extremely Wet Environments
